

REJUVENATION SEXUAL WELLNESS MALE FERTILITY ALERTNESS

What is **Libido Boost?**

A variety of internal and external factors can have an effect on your libido (sexual desire or sex drive), from your hormone levels to your medications to your stress levels. Use Libido Boost Capsules to heat up your sex life the natural way with a combination of vitamins and minerals to improve the libido. It is also indicated to help with relieving stress and promoting general well-being. Complement Libido Boost with Zen's calming effect for added relief from stress and anxiety.

Libido Boost Health & Wellness Benefits

Yohimbe treats erectile dysfunction

Yohimbe is known to work similarly to Viagra. It may help to maintain & enhance the quality an erection. Studies show yohimbe is effective at treating erectile dysfunction.

Ginkgo bilabo improves **mood**

Focuses on brain function and blood circulation. Found to treat antidepressantinduced sexual dysfunction in men (according to research).

Improve blood flow with L-arginine

L-arginine, a semi-essential amino acid produced by the body, converts into nitric oxide to dilate & relax the blood vessels. This may treat erectile dysfunction.

Tribulus increases sexual function & libido

May assist with improving sexual disorders & infertility. May also reduce chest pain & enlarged prostate.

Red Ginseng promotes libido

Commonly used to treat erectile dysfunction and may help increase alertness.

Zinc & Niacin B3 relaxes & soothes

Zinc may increase testosterone levels & sperm count. Niacin B3 may significantly improve moderate to severe erectile dysfunction and dyslipidemia.
